MAHSA UNIVERSITY

DIGITAL RADIOGRAPHY SEMINAR 2018

27th - 28th April 2018

AUDITORIUM HALL, LEVEL 9
PHARMACY BLOCK
MAHSA UNIVERSITY
BANDAR SAUJANA PUTRA

CME ACCREDITED & 10 CPD POINTS AWARDED

INTRODUCTION

This one and half day seminar is aimed to educate radiographers and student radiographers about the effective use of Digital Radiography in their daily practice. The program provides coverage on CR and DR technology, PACS, Exposure index and its usage, radiation protection, quality control and management, reject analysis as well as radiographers' responsibilities.

This is a high quality and cost effective CPD course which provides great opportunity for participants to acquire good knowledge as well as to network with individuals who share similar interest and experiences in the field of radiography. Hopefully, through this seminar, participants are able to fully utilize the technology they have or are better prepared to receive or convert to use this technology in their department.

OBJECTIVE

1. To update Digital Radiography technology for the radiographers.
2. To enable student radiographers to acquire the basic knowledge of digital radiography and enable correct application at work.
3. To introduce quality management in digital radiography to the radiographers & students.

PROGRAM TENTATIVE

Day 1 - 27th April 2018, Friday

TIME	TOPIC	SPEAKER
0730 - 0845	Registration & Morning Tea	Jimmy Lim Wai Kit
0845 - 0900	Opening Remarks by Organizing Chairperson	
0900 - 0930	Introduction to Digital Imaging	
0930 - 1030	CR Technology	
1030 - 1130	DR Technology	
1130 - 1230	Digital Imaging Processing	
1230 - 1430	Lunch Break & Friday Prayer	
1500 - 1600	Special Lecture: New Trend of X-Ray Machine - Dynamic DR	Rockey Tang, Angeil
1600 - 1700	DICOM, HL5, HIS and RIS, PACS and Teleradiology	Ms. Puah Hooi Ling (Cannon - Toshiba)
1700 - 1730	Setting up a Digital Imaging Department	Encik. Rosdi, LAC Medical
1730	End of Day 1	

Day 2 - 28th April 2018, Saturday

TIME	TOPIC	SPEAKER
0900 - 0930	Radiation Protection: Patient Dose & Safety in Digital Imaging	Dr. Bidi Bin Ab. Hamid
0930 - 1000	Image artifacts & Management	Khadijah Ramli
1000 - 1030	Exposure Index & its applications	
1030 - 1100	Tea Break	
1100 - 1130	Quality Control and Management	Chan Lai Kuan
1130 - 1200	TQM of CR & DR	
1200 - 1230	Reject Analysis in Digital Imaging	
1230 - 1300	How to work effectively with digital Imaging - Technologist Responsibilities	
1300 - 1400	Lunch break and End of Seminar	

REGISTRATION FEE

Category	Early Bird (Before 15 th April 2018)
MSR Member	RM 150
Non MSR Member	RM 200
Student	RM 70
International Delegates	USD 50

Category	Normal (After 15 th April 2018)
MSR Member	RM 200
Non MSR Member	RM 250
Student	RM 80
International Delegates	USD 60
