

## Symposium Fee

Main Symposium/ Parallel sessions		Payment via LO/PO
Specialist	RM350.00	RM400.00
Medical Officer	RM250.00	RM300.00
Allied Health Professionals	RM200.00	RM250.00
Allied Health Science Students	RM120.00	-
Symposium inclusive Pre-symposium workshop (Limited to 50 seats)		
MMED/FRCR candidates	RM350.00	RM400.00

\* Payment Notes:

1. Registration and full payment deadline is on **1<sup>st</sup> July 2018**.
2. Payment made to:
  - ✓ Account Bank no: **03018010157890**
  - ✓ Account Holder: **Persatuan Neuroradiologi Diagnostik dan Intervensi Pantai Timur**
  - ✓ Bank: **Bank Islam Malaysia Berhad, Cawangan Kubang Kerian**
3. Proof of payment or transaction receipt must be email to:  
**ecsnir2018secretariat@gmail.com**
4. ECSNIR 2018 **does not** accept cash, cheque or bank draft. Transaction charges and bank fees are the responsibility of the payee and cannot be deducted from the registration fee.
5. Once payment has been made, the registration to attend the course cannot be cancelled.

Kindly register online at  
**<https://www.unisza.edu.my/ecsnir2018>**

**CPD points will be awarded**

## OBJECTIVES:

1. To update knowledge on stroke, back pain and sport injuries cases.
2. To expose the advancement in diagnostic and therapeutic imaging techniques for stroke, back pain and sport injuries cases.
3. To promote understanding and teamwork between radiology, orthopaedic, neurology, neurosurgery, anaesthesiology, emergency medicine and allied health professional teams.
4. To promote teaching and learning for the post-graduate students, medical officers, nurses, allied health professionals.

Any inquiries, please contact:

## 7<sup>th</sup> East Coast Neuroradiology and Interventional Radiology (ECSNIR) Symposium 2018

### Stroke, Back Pain & Sport Injuries: An Update

### Date & Venue:

**28<sup>th</sup> July 2018** – Universiti Sultan Zainal Abidin Library (Computer Laboratory)  
**29<sup>th</sup> & 30<sup>th</sup> July 2018** – Dewan Al-Muktafi Billah Shah & Dewan Perdana,

**Gong Badak Campus, Universiti Sultan Zainal Abidin, Terengganu**

Organised by Faculty of Medicine & Faculty of Health Sciences UnisZA in collaboration with ECSNIR society & Malaysian Society of Interventional Radiology

## Day 1: Pre-Symposium Workshop (Saturday, 28<sup>th</sup> July 2018)

8.30 - 8.50	Registration
8.50 - 9.00	<b>Pre-symposium Workshop</b> welcoming speech Dr. Husbani Mohd Amin Rebutan
9.00 - 9.15	<b>Tips and Trick in MCQ :</b> Dr. Khairil Amir Sayuti
9.15 - 9.30	<b>Tips &amp; Trick in film reporting and Rapid Film</b> Dr. Juhara Haron
9.30 - 9.45	<b>Tips &amp; Trick in Viva</b> Prof. Ibrahim Lutfi
9.45 - 10.00	<b>Q&amp;A to all speakers</b>
10.00 - 10.30	<b>Tea Break</b>
10.30 - 11.15	<b>Rapid Film I &amp; Answer</b> Dr. Juhara Haron
11.15 - 12.30	<b>Film Reporting I &amp; Answer</b> Dr. Khairil Amir Sayuti
12.30 - 14.00	<b>Recess/ Prayer</b>
14.00 - 14.45	<b>Rapid Film II &amp; Answer</b> Assoc. Prof. Dr. Mohd Shafie Abdullah
14.45 - 16.00	<b>Film Reporting II &amp; Answer</b> Prof. Ibrahim Lutfi

## Day 2: Main Symposium & Parallel Sessions (Sunday, 29<sup>th</sup> July 2018)

	Main Symposium	Parallel Session
08:00 - 08:20	<b>Registration</b>	
08:20 - 08:30	<b>Programme Director Welcoming note</b> Dr. Norhasiza Mat Jusoh	
08:30 - 09:00	<b>Imaging of Back Pain</b> Prof. Dr. Ibrahim Lutfi	
09:00 - 09:30	<b>The principle of pain management: Anaesthetic approach</b> Prof. Shamsul Kamalrujan Hassan	
09:30 - 10:00	<b>Opening Ceremony</b>	
10:00 - 10:30	<b>Tea Break</b>	
10:30 - 11:00	<b>Current surgical management of Back Pain</b> Prof. Dr. Nordin Simbak	<b>DXA: Positioning, Acquisition and analysis -Forearm &amp; Forearm –</b> Raajeswary A/P N.Parmasavm (Hologic)

11:00 - 11:30	<b>Backpain: Role of CT guided interventional</b> <i>Dr. Muhammad Fadli bin Embong</i>	<b>DXA: Acquisition and analysis errors: Impact in BMD measurement -</b> <i>Raajeswary A/P N.Parmasavm (Hologic)</i>
11:30 - 12:00	<b>Role of sonographic imaging in sport injuries</b> <i>Dr. Tarmizi Musa</i>	<b>Technical Advances in musculoskeletal (MSK) imaging-MRI</b>  <i>Faridzul Izlan (Philips)</i>
12:00 - 12:30	<b>Role of MRI in knee sport injuries</b> <i>Assoc. Prof. Dr Mohd. Ezane Aziz</i>	
12.30 - 13.00	<b>Lunch talk: Vertebroplasty Treatment in Metastatic Disease</b> <i>Dr. Joehaimy Johari</i>	
13:00 - 14:30	<b>Lunch/Recess/ Prayer</b>	
14:30 - 15:00	<b>MRI of shoulder in Sport Injuries</b> <i>Dr. Muhammad Fadli bin Embong</i>	<b>MRI: Imaging technique for MRI shoulder joint</b> <i>Ahmad Zamri Ismail</i>
15:00 - 15:30	<b>Management of sport injuries</b> <i>Dr. Mohamad Ros Mohamad Ali</i>	<b>MRI: Imaging technique for MRI knee joint</b> <i>Ahmad Zamri Ismail</i>
15:30 - 16:30	<b>Case Discussion</b>	<b>Technical Advances in musculoskeletal (MSK) imaging-MDCT</b> <i>Nurul Zafirah Zulkifli (Siemens)</i>
16.30 - 17.00	<b>Tea Break</b>	

## Day 3: Main Symposium & Parallel Sessions (Monday, 30<sup>th</sup> July 2018)

	Main Symposium	Parallel Session
08:30 - 09:00	<b>Prevalence of Stroke</b> NCD Medical Officer	<b>Evaluation of fMRI brain in patient with TLE and healthy subject</b> Zalilah @ Shuhada Binti Jan Mohamed
09.00 - 09.30	<b>Acute Ischaemic Stroke Imaging: Pearls and Pitfalls</b> Dr. Mohd Nazri Mohd Nasir	<b>The importance of a competent training &amp; radiographer's role in the Interventional Radiology</b> Mazli Mohamad Zin
09:30 - 10:00	<b>Management of Stroke: ED prospective</b> Assoc. Prof. Dr. Kamarul Ariffin	<b>Vascular Interventional Radiographic procedure for Ischemic Stroke</b> Ahmad Zaky Haron
10:00 - 10:30	<b>Tea Break</b>	

10:30 - 11:00	<b>Medical Thrombolytic Treatment in Acute Ischaemic Stroke</b> Dr. Zariah Abd. Aziz	<b>Radiation dose in IER</b> Dr. Suffian Bin Mohamad Tajudin
11:00 - 11:30	<b>An update of current approach of Acute Ischaemic Stroke</b> Prof. Dr. Ahmad Sobri Muda	<b>Patient management of Acute stroke: Relevance for radiographers</b> Assoc. Prof. Nik Arif Nik Mohamed
11:30 - 12:00	<b>Neuroimaging of Haemorrhagic Stroke</b> Assoc. Prof. Dr. Radhiana Hassan	<b>Basic CT and MRI findings of acute ischaemic stroke for radiographers</b> Dr. Husbani Mohd Amin Rebutan
12:00 - 12:30	<b>Current concept of Endovascular Treatment of Cerebral AVM</b> Dr. Kittipong	<b>CT Scan: Image quality improvement in assessing patients with acute ischemic stroke</b> Dr. Muhammad Khalis Abdul Karim
12.30 - 13.00	<b>Lunch Talk: Mechanical Thrombectomy in Acute Ischaemic Stroke</b> Assoc. Prof. Dr. Khairul Azmi	
13:00 - 14:30	<b>Lunch/Recess/ Prayer</b>	
14:30 - 15:00	<b>Endovascular treatment in Neurovascular Disease in Paediatric</b> Assoc. Prof. Dr. Mohd Shafie Abdullah	<b>Technical Advances In Cross-Sectional Imaging: CT Scan protocol for stroke assessment</b> Saravicknesh a/l Selvarajah (Toshiba)
15:00 - 15:30	<b>Current Surgical Approach of Treatment of Intracranial Wide-necked Aneurysm</b> Prof. Dato' Dr. Ahmad Zubaidi Abdul Latif	
15:30 - 16:30	<b>Case Discussion</b>	<b>Technical Advances In Cross-Sectional Imaging: MRI protocol for stroke assessment</b> Hesnu Halim (Philips)
16.30 - 17.00	<b>Closing ceremony</b>
