

CALM THERAPY TRAINING PROGRAM

Managing Cancer & living Meaningfully (CALM) Therapy

*Auditorium Perdana,
Women Children Hospital Kuala Lumpur
17-18 February 2020*

The CALM Therapy Training Program is designed to teach and supervise radiographers, radiation therapist & healthcare professionals in the delivery of CALM therapy. The program has two levels. In the introductory level, learners will develop clinical skills to help patients manage the challenges of living with cancer, reduce distress and promote psychological well-being. The advanced level will focus on enhancing learners' therapeutic skills through clinical supervision. Upon completion, learners will be certified as CALM therapists.

To date, training has been done for 200 healthcare professionals, including oncologists, primary care and palliative care physicians, psychiatrists, nurses, social workers, psychologists, occupational therapists, spiritual care providers and music therapists from over 20 countries.

PROF. GARY RODIN

Director of the Global institute of Psycho-social, palliative & End-of-Life Care (GIPPEC) &
Professor of Psychiatry at the University of Toronto
